Middle School Math Collaboration Timeline April -May 2019

Goals of Middle School Math:

- To provide a solid mathematical foundation
- To encourage deep mathematical concept understanding
- To enhance integrated mathematical skills
- To solve multi-step, culturally relevant and real-world problems

The Curriculum and Instruction Department will be collaborating with district and school instructional leaders along with families to gather input regarding middle school math opportunities and options for middle school students.

Date	Collaborative Focus	Outcomes
April 2019	During the month of April, middle and high school math and science teachers along with AIG teachers and administrators will collaborate with curriculum leaders	<ul style="list-style-type: none"> ● Gather feedback from staff and analyze historical math data ● Review historical math data
