Learn. Discover. Thrive

March 15, 2019

Dear Vance Elementary School Families,

We had a wonderful week at Vance Elementary School. Our students have enjoyed their experiences in the Makerspace Lab.

I want to provide you with an update regarding the softball field. Earlier this week, Asheville City Schools shared this [Vance Elementary School - Fence for Softball Field](#) letter with the Asheville City Council.

Also this week, Parks and Recreation met with Asheville City Schools staff. During the meeting, the group reviewed feedback from the February 27, 2019 meeting which was held at Vance Elementary School. Our goal was to review information and provide you with feedback and a plan regarding the fence, restroom use, parking, and safety.

The Board of Education Work Session will take place at 4:00 pm at Montford North Star Academy on Monday, March 18, 2019. I hope you will be able to attend the meeting. The Board of Education will further discuss the feedback from the February 27, 2019 meeting along with the Parks and Recreation plans for the softball field.

I sincerely appreciate your support and passion for the students, staff and community stakeholders of Asheville City Schools. I look forward to seeing you in our school and at school events.

Sincerely,

Principal Ruletta Hughes
